I beg to enclose the accompanying letter addressed to me by Mr V N Narasimhaiyangar Palace Controller for circulation among the Committee Members to appoint Mr E Maconochie I.C.S Private Secretary to H H The Maharaja of Mysore as a member of the Managing Committee — I saw Mr Narasimhaiyangar this morning He told me that Mr Maconochie himself desired

to become a member is for
the beautiful works he has
turned out with his own hands
I came to know that he
himself is a clever
artist —

I have accordingly submitted
This to you direct
as President of the
managing Committee
for urgent disposal

I beg to remain Sir
Your most obedient servant
M V Srinivasagam

OFFICE OF THE INSPECTOR GENERAL OF EDUCATION
IN MYSORE

Bangalore 5th September 1902

Dear Mr Srinivasangar,

I have received
the enclosed letter from the
Superintendent of the Mysore
Industrial School. Mr V N
Narasimhangar reports that
Mr Macnoche may be ap-
pointed a member of the School
Committee, & the Superintendent
says that Mr Macnoche himself

desires the office. In the
present state of the school
I do not know if Mr Macmillan
will be very pleased with
the honour. Could we tell
Mr Narasimhaiyar that the
affairs of the school are
to be inquired into and
the school has to be reorganised
and that after all
arrangements have been

make to place her short on a more satisfactory basis we shall be glad to avail ourselves of Mr Macnaughtan's help so kindly offered?

Yours truly

A J Balfour

Bangalore,

7th Sept 1902

My dear Sir,

I am sorry I missed the opportunity of seeing you when you were here last for a few hours on the 5th Instant I had made the necessary arrangements, and I was unwilling to disappoint Col Benson who had gone in advance of me and Mr. Carr to whom I had written I shall shortly send for your perusal and orders a Note on the several matters which personal inspection has satisfied me require attention

Herewith some demi-official correspondence re the appointment of Mr Maconochie as a member of the Committee of the Management of the Industrial School at Mysore I don't agree with Mr Bhabha Mr Maconochie has offered himself, and I think we ought to be thankful to him for this and readily notify his appointment Mr Nagavkar in his present position cannot naturally give to the affairs of the Industrial School the same attention he was anxious to give as Executive Engineer of the Mysore Division A Joint Secretary in the person of a Head Quarter Engineer Officer, to wit, the Executive Engineer

Engineer in charge of Palace Reconstruction Works seems to be desirable With a zealous and talented member like Mr Maconochie and two good Secretaries like Mr Nagavkar and the Executive Engineer, Palace Works, I am in hopes of the Mysore Industrial School redeeming its lost character and proving ere long the success it ought to be We are spending year after year some fifteen thousand rupees on this institution while it was only the other day that we gave to the Mission Industrial School under Rev Holister at Kolar a grant-in-aid of Rs 1200/- But what a contrast between the former which instead of progressing as was expected has considerably deteriorated under Sreenivasiengar and the latter which has made rapid progress under a Missionary ? Yesterday, with the kind permission of Rev Holister, I made with him, Col Benson and Mr Carr a minute inspection of the workshops attached to the Kolar Mission with the result that I was particularly struck with the cheap but effective machinery employed therein, as well as with the progress made by the pupils and the remunerative work turned out ~~by~~ them The Mission recentl constructed a splendid block of buildings for the Girl's School, and they are now building a magnificient public Hall for Lectures &ca and for the whole of the wood work including doors and windows, very well done, the students

U

students trained by the Mission are responsible In consultation with Mr Bhabha, I intend proposing certain reforms but in the meantime I am of opinion that the appointments above mentioned should at once be made and I have no doubt that this will lead to most beneficial results In case you agree, I shall first consult the Chief Engineer in re the Palace Division Engineer's appoint-ment as a Member and then pass the papers on to the Secretary, General Department for the issue of immediate orders

A line in reply under this will oblige,

Yours very sincerely,

C Rangachariyar

N Krishnamurti, Esq , C I E ,
Dewan of Mysore

My dear Mr Macnochie,

There is a proposal, which I think is a very good one to ask you to become a member of the managing Committee of the Industrial School in Mysore. We are speedily about

Rs on the In-
stitution and a gentle
me ce you on the
Boa f management
will , course be
very desirable and
the Government would
readily welcome the
ppointment May I
ave your permission
o make and notify
e appointment?

Yours sincerely
Sd P N Krishnamurti

Mysore

Wednesday

Dear Mr. Krishnamurti

Many thanks for
your note It will give
me particular pleasure
to join the Committee
of the Industrial School
I am in a humble
way.

an Arts & Crafts- man

myself & my being

brought in contact with

many technical Depts

whilst I was at the

Govt of India has given

me additional interest

in the subject

Yrs sincerely

E. Havell
